

Learn/Program Remote(s) for Magicar, Magic Alarm, & FOX FAI-8000+, FAI-8100, FAI-8200, FAI-8300

www.shieldtechsecurity.com

1.) Under the disarm mode, close the door, switch the ignition ON/OFF 3 times and then, stay ON position. (Each ignition turn must be done within 1-second or it will not enter the learning mode.)

2.) The siren will chirp 2 times, indicating the system has entered the remote learning mode.

3.) Within 10 seconds, press button (1) on each remote you would like to learn to the system. The siren will chirp twice and the parking lights flash twice to confirm each remote has been learned.

Exit Programming: If the ignition is turned OFF or button (1) is not pressed within 10 seconds, the system will quit the remote learning mode.
