

Vehicle Wiring Information
for the
1985 AMC-Renault Alliance

ITEM	WIRE COLOR	POL	WIRE LOCATION
12V	pink or red	+	ignition harness
STARTER	gray or green	+	ignition harness
IGNITION	red or yellow	+	ignition harness
ACCESSORY	white or purple	+	ignition harness
POWER LOCK	lt green	+	driver kick panel
POWER UNLOCK	tan	+	driver kick panel
LOCK MOTOR	lt green		driver kick panel
UNLOCK MOTOR	tan		driver kick panel
DISARM DEFEAT	no progressive unck		
PARKING LIGHTS	+tan		headlight switch
HEADLIGHTS	lt green	+	headlight switch
DOOR TRIGGER	black	-	any pin switch
DOVE SUPERVISION	use door trigger		
TRNK/HTCH RELEASE	gray	+	release switch
TACHOMETER	green		diagnostic connector *1
BRAKE WIRE	lt blue	+	brake pedal switch
HORN TRIGGER	gray	+	steering column
WIPERS	white (L), blue (H)	+	steering column
LF WINDOW UP/DN	yellow - lt blue	A	LF window switch
RF WINDOW UP/DN	tan - orange	A	RF window switch
LR WINDOW UP/DN			
RR WINDOW UP/DN			

Notes:

*1 The diagnostic connector is in front of the passenger side strut tower. Can also use a black wire below the coil in a 2 wire harness.

Vehicle Wiring Information
for the
1987 AMC-Renault Alliance

ITEM	WIRE COLOR	POL	WIRE LOCATION
12V	pink or red	+	ignition harness
STARTER	gray or green	+	ignition harness
IGNITION	red or yellow	+	ignition harness
ACCESSORY	white or purple	+	ignition harness
POWER LOCK	lt green/black	+	driver kick panel
POWER UNLOCK	tan/black	+	driver kick panel
LOCK MOTOR	lt green		driver kick panel
UNLOCK MOTOR	tan		driver kick panel
DISARM DEFEAT	no progressive unck		
PARKING LIGHTS	+ tan		headlight switch
HEADLIGHTS	lt green	+	headlight switch
DOOR TRIGGER	black	-	any pin switch
DOVE SUPERVISION	use door trigger		
TRUNK/HATCH PIN	black	-	cargo light *1
TRNK/HTCH RELEASE	brown	+	release switch
TACHOMETER	green		diagnostic connector *2
SPEED SENSE	blue		instrument cluster
BRAKE WIRE	lt blue	+	brake pedal switch
HORN TRIGGER	gray	+	steering column
WIPERS	white (L), blue (H)	+	steering column
LF WINDOW UP/DN	yellow - lt blue	A	driver window switch
RF WINDOW UP/DN	tan - orange	A	driver kick panel
LR WINDOW UP/DN	yellow - lt blue	A	driver kick panel
RR WINDOW UP/DN	orange - tan	A	driver kick panel
SUN RF OPN/CLOSE	brown - yellow *3	+	convertible top switch

Notes:

*1 Only on 3 and 5 door vehicles. *2 The diagnostic connector is in front of the passenger side strut tower. Can also use a black wire below the coil in a 2 wire harness. *3 These wires are for the convertible top.
